snaptown®

SHOP LOCAL SIMPLIFIED

The leading platform to bring in new customers, keep them coming back more often and spending more money at your business.

SHOP LOCAL MOBILE APP

The 80 Watt District introduces a [Shop Local Mobile platform](http://snaptown.us) that connects businesses to communities and consumers through shop local/tourism initiatives, perks programs, passports, and fundraisers. (<http://snaptown.us>)

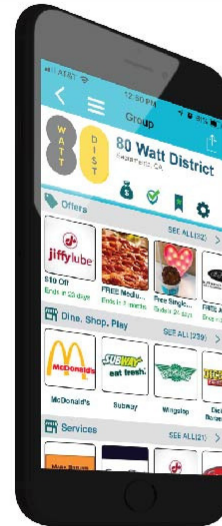

Specially designed for the 80 Watt District businesses - you can target your marketing efforts to specific audiences, track effectiveness from views and actions through redemption, and implement rewards and loyalty for your VIPs.

For consumers - have a 'wallet of experiences' that ensures they are provided with relevant, nearby information through their mobile, web, and email. This personalization keeps users coming back.

For the North Highlands community - content stays fresh and dynamic, consumers stay longer, and dollars can be raised to support local initiatives.

For the Employees of your business - share the **WattPerks Card** for discounts and information OUTSIDE the district on your Mobile Phone!

80 WATT DISTRICT ~ PBID LUNCH & LEARN/ MEET & GREET

LUNCH & LEARN

Hosted by the
North Sacramento Chamber of Commerce

The lunch & learn program on September 18 in the 80 Watt District, is a great way to foster community and have continuous learning in your organization as well as to demonstrate your commitment to the ongoing growth and development of the 80 Watt District.

This casual 'lunch & learn' is a tasty perk that everyone looks forward to with special speakers to grow your business and networking. Come meet 'County Supervisor Susan Peters,' at the next event!
